AESTHETICS AND HAIRDRESSER WORKSHOP

This stand was inaugurated at ten o'clock. They were nine girls and one boy, many activities have been done since ten years, all related to beauty in the high-school.

Six girls were getting nails painted with different flags or one color. They told us: "It's difficult but it's very exciting for us".

One teacher brushed the hair to pupils and teachers, using extensions about 'The Olympics' too.

There was also a man who was in charge of makeup. He got nails last year. He told us that he was pleased doing it, because when he was older, he wants to be a professional maker.

2

We asked the teacher: "Is there often a lot of people?" She told us that a big number of people would come, specially girls because they could get their nails done.

HISTORY DEPARTMENT

This stand was opened at eleven o'clock. Second high school pupils had decorated the class like a temple. It looked like a real one! This year, teachers from the History Department have based their research on Greek culture, besides, they were dressing up like ancient Greeks.

A competition was carried out for pupils of secondary education and high school based on Art History and Spanish history. They used laptops although they had a trouble

because the Internet was a standstill. Despite of this, they could do it successfully.

Like new things, high school pupils were excited because they had organized everything, moreover they were disguised, too.

Mari Carmen Gordillo, an Art History teacher in high school told us: "This year 230 students are signed up but it isn't allowed because it's necessary of lack of coordination".

BUILDING AND CONSTRUCTION DEPARTMENT

This stand was opened all the day because it had posters, so you could see it by yourself.

This year pupils from building have made incredible posters about buildings and architecture of every facilities were the Olympics Games hold. They made too same models of these buildings.

This stand showed the history of Olympics Games since the beginning until the

last one in Rio de Janeiro. We got extra information because a friend of us is studying building and she wanted to be an architect in the future.

GROUP: JADILLA, CARLOS, AMINA Y ÁFRICA

INTERVIEW WITH WILL

Will is an English teacher who will be working in high school until the end of the school year. We asked him if he liked playing football. He answered that he did not like playing football, however, he liked watching the matches. We also asked him what was his favorite team and he said "my favorite team is Liverpool".

MATHS GYMKANA

The gymkana took place in B-6 classroom. It started at 10:00 am. The organizers of the activity were all the teachers from Maths department as Marina Pozo and Ana Guerrero.

They answered some questions we asked them: Ana explained us that the activity consisted in solving five or six logical exercises and calculations. Then, if students were able to finish it, they passed to the next game.

The students who took part in the gymkhana were from 1º ESO to 1º Bachillerato. However, the difficulty of the games was different depending on the age of the students. There were three groups from Bachillerato and nine groups from ESO.

Marina Pozo told us that the prizes were two loudspeakers, one for each winner. We noticed that the students were very concentrated on the game. The activity finished at 11.30 am. The winners were a group of 3rd ESO and other from 1º Bachillerato.

CHEMISTRY EXHIBITION

12

The Chemistry exhibition took place in one of the school yards. When we arrived there, it was crowded with people watching the different experiments in spite of the cold.

Some students from 2º Bachillerato A and B commented us they were paying a lot of attention because they were Physics and Chemistry students. The experiment they liked the most was “hands on fire”.

We interviewed the organizer of the activity who was Miguel Ángel. He told us that every teacher from the Chemistry Department took part in the exhibition, and they did it to teach how Chemistry works showing some experiments. He also explained that it consisted on showing between ten and twelve experiments such as “hands on fire”, or “elephant toothpaste”.

MAIN YARD. FRENCH DEPARTMENT STALL AND STUDENTS' BAR

At the outdoor yard, there were many activities, as the crepes stand. It was full of people queuing, waiting for a crepe. The teacher Margarita from French Department looked very busy so we interviewed two students from First Bachillerato E and F.

They told us they were taking part in the activity because they are French students and they liked it. It wasn't the first time they had made crepes, so it was easier for them. They explained the crepes cost one euro. You had to buy a ticket first, and then go to the stand and give the ticket to them. You could buy crepes with chocolate, or with honey.

13

Another stand was the bar, where four students from First Bachillerato E,C and F were selling different things. They told us that we could find there some snacks and drinks with prices from 0,5 to 0,75 euros. There was also an offer: a snack and a coke one euro.

GROUP: ANA, MARÍA, PAOLA POZO AND RANIA

TECHNOLOGY DEPARTMENT: LEAGUE OF LEGENDS COMPETITION

The teacher in charge of the activity was Enrique Moya. He said that the activity involved a lot of Olympic values so that was the reason why he had chosen this game. They were six groups with 5 people each. The prize was a band with school supplies.

15

DEPARTMENT OF BIOLOGY .OLYMPIC ANIMALS

The teacher in charge of the activity of Biology was Elena Rodríguez. The activity was about records of each animal to survive, for example, the skin of the frog is the most toxic. They chose this activity due to the values of olympism. The number of participants were about sixty students.

DEPARTMENT OF ENGLISH. KARAOKE AND WORD RECORD

The teachers in charge of the activity of *karaoke* were Maria José Muñoz José Fernández Hervás.. There was a large number of participants who could freely choose the song they wanted and sang it in front of the audience . People had great fun and it was one of the most popular activities during the morning.

There was another activity, *Word Record*, in which students had to write as many words they knew in English about sports: names of sports, equipment, places and so on At the end of the morning students had written 143 different words

GROUP: ÁLVARO, HANI, SEBASTIÁN AND NACHO.
